BOY SCOUTS OF AMERICA®
GREATER ST. LOUIS AREA COUNCIL

Cub Scouts is for girls and boys in grades k-5.

Get Ready For The Adventure Of A Lifetime.

Whether it's camping, hiking, community outreach or building remote-controlled robots, Scouting's programs and outdoor adventures present kids with opportunities to try new things, provide service to others, build self-confidence and develop leadership skills. These qualities make Scouts leaders in their classes, leaders among their peers and leaders in their future careers.

Our exciting programs teach important life skills and help youth achieve their full potential. With a program expertly tailored to match each age in a child's life, Cub Scouts are introduced to countless hobbies, interests, sciences and even future career choices.

What Will Cub Scouts Do?

Scouting embraces the outdoors, but we also focus on helping our communities, STEM development and building confident kids through our wide range of activities. It is goal-oriented without the pressure of winning and losing. It's about making friends without the need to compete with them. In Cub Scouts, kids will:

- Transform a block of wood into a race car
- Discover their outdoor world
- Participate in community service projects
- Go camping
- Learn about STEM
- Test their marksmanship
- Explore the community with field trips
- Work in teams
- Go fishing

When Do Cub Scouts Meet?

Scout meeting days and times vary from Pack to Pack. Some groups meet once a week, others twice a month. Families can work together to choose a meeting schedule that works best for the group.
