A fun one-day class that will help you complete requirements for one of these merit badges. We will provide the gear and the teachers. Together we will work on the merit badges.

Classes will be taught by National and Council Certified Angling Instructors.

The merit badge will be taught in a series of rotating sessions on different topics. You will be signed off for the requirements that you complete.

Requirements included catching a fish. We cannot guarantee you will do that on this day, but we will give you the opportunity. Visit these links to view the requirements:
