For a group, the cost is \$10 for a day pass, \$25 per night for a campsite, and cabin and program rentals vary.

HOW IT WORKS

Outdoor Family Experience is our way of providing a classic scouting camp-out experience for you and your family or unit *safely* this summer. Groups can camp together at a safe distance from other groups at our properties. Stay overnight or visit camp just for the day.

This camp will be self-reliant in style, meaning bring your own tent, camping gear, food, etc. similar to camping at a state park. There are both campsite and cabin rentals available.

There are also single day experiences without staying overnight, the Day Pass.

There should be minimal to no interaction with other groups during your stay, keeping you as safe as possible.

Please note that no camp stay can be longer than 72 hours, so please do not book four consecutive nights, or more.
