

## Select-Your-Adventure for Webelos Overnight Camp

At Webelos Overnight Camp, YOU select your Webelos adventure electives. Every day during the morning session, you will go to your selected Webelos classes. In the afternoon session there will be a rotation of swimming, shooting sports, and another activity that changes each day (such as nature, STEM, or scout skills). Every day scouts get to participate in swimming and shooting sports during the afternoon.

Customize your Webelos' experience with choices from the following class list:

### AQUAKNOT

Aquanaut is one of the Webelos/Arrow of Light elective adventures. For the Aquanaut adventure, Webelos learn about safety in the water while swimming and boating and practice their aquatics skills. Complete Requirements 1-4 and at least two others

### BUILD IT

For the Build It adventure, Webelos learn about using tools safely and carpentry. Then they use what they have learned to build a project while learning about careers in construction.

### MO Plants & Animals

All about the Missouri Plants and Animals that you encounter on your adventures. Hike and explore around while learning to identify plants and the habitats and ecosystems of animals in the area.

### GAME DESIGN

Youth learn what elements are needed to design a game. They create their own game and teach others how to play while learning about game safety when on the internet or a phone.

### CASTAWAY

For the Webelos Castaway adventure, Webelos learn survival skills for situations where shelter, water, and electricity might not be available. Webelos will learn to cook at camp using methods that don't require pots and pans. They will also learn to start a fire without matches, make a shelter, treat drinking water, and other survival skills.

### INTO THE WILD

Webelos working on the Into the Wild adventure learn all about nature. They can choose to observe insects, reptiles, amphibians, fish, mammals, or birds. They also find out about ecosystems and the balance of nature.

### ENGINEER

Webelos learn about how engineers design new things and make two projects of their own. Webelos will enjoy finding out about engineering principles such as design, development, and testing by working on age-appropriate projects.

See back side of this flyer or next page  
for the full Webelos Overnight Camp schedule

# Webelos Overnight Camp Schedule

When registering for Webelos Overnight Camp, you will select 4 Adventures/Electives from the Class List on the 1st page.

Following the schedule to the right, Webelos will split into their selected electives during the morning session. For the afternoon session Webelos will rotate by campsite through swimming, shooting sports, and another activity.

During days 2 & 3 Webelos will work on Adventure sessions 1 & 2. On days 4 & 5 they will work on Adventure sessions 3 & 4.

The camp is designed to perfectly supplement your den's program and give you a chance to focus on the adventure electives that interest your Webelos the most.

Adventure sessions will change each year allowing different opportunities to be available to each Webelos, regardless if they are a Webelos or Arrow of Light.

Day 1	
1:00 PM	Check-in Begins (Med Checks, Swim Checks, Setups)
1:00 PM - 3:00:00 PM	Swim Checks, Med Checks, Dining Hall Tour, Camp Tour
