Cub Scouts, Scouts BSA, Venturers, Explorers, adult volunteers and Scouting families are encouraged to attend Adventure Summit. Programs and Activities will cater equally to older Scouts and Cub Scouts.

Scouts will attend as a family or with their unit.

> EXCEPTIONAL EXPERIENCES

Each location will offer 30+ activities.

The majority of the activities will be standard across all of our properties such as target sports, fishing, Scout skills, nature exploration, games, STEM experiments, and activities about Scouting history. Each location will also host a campfire program Saturday night full of live entertainment.

While 75% of the program will be the same regardless of where you attend, there will also be unique activities. Each property will showcase their best activities, unique to the property, and will have a variety of outside program providers putting on activities.
