

Individual Scout Advancement Plan

The approval of alternative requirements or merit badges should be discussed with the Scout, parent or guardian, and unit leader. An agreement is reached and forwarded to the council advancement committee for approval before starting to work on the specific task. The ISAP is the basic plan that can be used for all Scouts to document proposed and approved alternative advancement requirements. The ISAP is modified by addendum. Additional information can be found in the *Guide to Advancement*, section 10.

Individual Scout Advancement Plan for:

Member's name _____ Date of birth _____

Unit No. _____ District _____ Council _____

Statement of belief: Though it is true every Scout must have the overall ability to fulfill BSA advancement requirements as written, members with a documented disability deserve the opportunity to utilize their remaining abilities to fulfill alternative requirements that represent the same challenge and essential outcome as those written. The only limitations for members with sufficient abilities to achieve approved alternative requirements should be their individual desire, focus, and perseverance.

Objective: Scouting literature provides the requirements, policies and procedures, and related supporting content. It cannot address each individual Scout's abilities, but it can help those involved to reach an understanding as to how certain goals can be met. The ISAP is a road map that the Scout, his parent or guardian, mentors, and other leaders can reference and update as necessary.

Methodology: Within reasonable guidelines, the ISAP will provide Scouts with the opportunity to achieve their personal goals and, through creative thinking and action, remove unnecessary barriers that may impede their advancement. This is done so as not to lessen the relative challenges of the Scouting experience and the primary goal of personal growth.

Expectations of performance: Youth are expected to do their best.

Addendum to Individual Scout Advancement Plan for:

Scout's name _____ Date of birth _____

Unit No. _____ District _____ Council _____

Addenda are required if it is determined that a Scout has specific behavioral, cognitive, or physical attributes that are of a permanent nature and, for reasons beyond the Scout's control, may create an impediment to individual advancement. Requirements, as written, may be redefined to maintain the challenge but provide an alternative path toward achievement. This addendum may be amended in the future by mutual consent.

Instructions

1. Behavioral, cognitive, or physical disabilities of a permanent nature permit the approved substitution of alternative requirements for advancement.
2. Any limitations leading to alternative requirements should be supported by a qualified health professional's certification, based upon a severe or permanent condition.
3. The Scout shall attempt to complete, to the extent possible, the current requirements before modifications are sought, and any alternative requirements shall provide a similar challenge as those stated.
4. Modifications and alternative requirements must receive prior approval by the council advancement committee. The council committee should record and deliver its decision to the Scout, his parent or guardian, and unit leader.
5. Alternative requirements involving physical activity shall have a physician's approval.
6. The unit leader and, if appropriate, any board of review must explain to the Scout that he is expected to do his best up to the limits of his resources.
