

Shawnee District Glow Plug Nomination Form

Each year, the Shawnee District recognizes those adult Scouters who have recently joined Scouting and provided great assistance in their unit. This can be someone involved in any level of Scouting- Cub Scouts, Scouts BSA, Venturing, Exploring or Sea Scouts. Recipients of this award are recognized at the District Dinner.

The central function of glow plugs is to provide additional energy for the start. Before the start of the engine, the glow plug is energized and heats up to more than 800 °C. This heat improves the engine's ability to cold-start considerably. The glow plug's heat development also optimizes the combustion, so that the development of smoke and other emissions is reduced.

Your unit may have a new member jumped in and started helping. If so nominate them.

Some characteristics your nominee may have:

- ✿ Be a relative new Scouter.
- ✿ Have a glow about them.
- ✿ Want to be trained.
- ✿ Willing to take on a challenge.
- ✿ Be a self-starter.
- ✿ Great with the Scouts
