

Cub Launch and COVID-19 Procedures and Policies

Below are the following measures and procedures that will be followed at each Cub Launch location in order to ensure the safest event possible.

Social Distancing:

- Social distancing must be present when people are waiting in lines and at all program areas (as much as possible)
 - For example, a craft area must have tables and chairs spread out that allows 6 feet of space in between families
- Social distancing must be present at all shooting sports areas
- It will be up to families and volunteers to ensure that these practices are happening

Masks:

- Masks must be worn by participants (youth and adult) over the age of 9 years old in Missouri and 2 years or older in Illinois (cited: [https://www.stlouis-mo.gov/government/departments/mayor/news/city-and-county-require-mandatory-masks.cfm#:~:text=Louis%20County%20and%20St.,age%20of%20nine%20\(9\).](https://www.stlouis-mo.gov/government/departments/mayor/news/city-and-county-require-mandatory-masks.cfm#:~:text=Louis%20County%20and%20St.,age%20of%20nine%20(9).))
- All staff members (volunteer, professional, vendors, and otherwise) are always required to wear a mask.

Hygiene and Sanitization:

- Hand Sanitizer will be available at each program area. Sanitizer will be at each station and each volunteer at each station should encourage frequent use of sanitizer.
- Cleaning supplies will be made available for each program area. Staff and families are to clean and sanitize any shared materials in between use.
 - Any and all supplies that are not individually wrapped or designated for individual use, must be cleaned in between use. For example, leather working tools will have to be cleaned in between use.

Health Checks:

- All event staff members (volunteer, professional, vendors, and otherwise) are required to have their temperature taken at the start of the event. Anyone with a temperature of 100.4 or higher will be promptly sent home.
- All children and parents will have their temperature checked as well when they check-in.
- All participants are required to self-check their health prior to arrival at the event. If you feel unwell, have a cough, or a fever you are NOT allowed to attend the event.

Local and State Requirements:

- All Illinois and St. Louis/Missouri requirements must be followed. If any of these requirements make it not possible to host this event, we will refund all registrations.
- Those decisions will be made (if needed) prior to the start of the event, and we will plan on hosting the event until it is made impossible to do so.
