About Us

Troop 11 was chartered in 1920 and has operated continuously for over 100 years, the past 50 years under the sponsorship of Congregation Temple Israel. The membership includes boys of multiple ethnic and religious backgrounds and ages 11-18. We meet weekly with a weekend camping trip or activity almost every month throughout the school year. Besides camping, our Scouts also participate in service projects, community activities and developing many skills such as first aid, conservation, physical development, and leadership, among others. We encourage are scouts to advance through the program and earn their Eagle Scout rank where we have almost 100 Eagles Scouts.
