

Thank you for participating in Scouting for Food. Each year, the Greater St. Louis Area Council collects almost 2 million food items, providing about 500,000 meals for families in need.

*****Order Patches now!*****

Saturday, November 16 - Bag Distribution;

9 am - Noon

- Tie bags to doors. DO NOT tie on or put in mailboxes.
- Distribute only to residences; no apartment complexes / no businesses

Saturday, November 23 - Food Collection Day;

10 am - Noon

- Plan to start collection as close to 10 am as possible so people can get their donations out.
 - If you start early, please arrange to have someone re-drive the early route to pick up any missed bags.
- Do your best to complete food collection **by noon** so we're ready when the Food Bank Trucks arrive to collect the food.
- If arriving at the fire house after the food truck has already picked up, contact Susan 314.971.5480 for an alternate fire station to drop off.

Tips:

- **Focus** on **neighborhoods** that have **good participation** to maximize your time.
- Assign **drivers** to the **same routes** both Saturdays to minimize missed bags.
- **Keep an eye out for delivered packages (i.e., Amazon, Chewy, etc.)** accidentally getting picked up by Scouts.
- Please **do not drive or park on lawns**.
- For large areas, cover what you **reasonably** can based on your unit size.
- Remind Scouts to **bring water bottles** both weeks.
- See the **Scouting for Food info packet** you received with your bags for more information.
